PROFESSIONAL SUMMARY

Aspiring Software Engineer passionate about building scalable and high-performance web applications using React.js, Next.js, Node.js, Express.js, and REST APIs. Skilled in full-stack web development using the MERN stack, PHP, MySQL, and modern UI frameworks. Strong foundation in Data Structures, Algorithms, DBMS, OOP, and Software Engineering principles with a passion for solving real-world problems and building efficient, user-centric solutions.

EDUCATION

College of Engineering and Technology (SGBAU)
Bachelor of Engineering – Computer Science & Engineering

Akola, Maharashtra
Dec 2021 – June 2025

SKILLS SUMMARY

Languages: HTML5, CSS3, JavaScript, TypeScript, PHP

Frontend: React.js, Next.js, Tailwind CSS, Bootstrap, DaisyUI, Ant Design

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Databases: MongoDB, MySQL

Tools: Git, GitHub, Visual Studio Code, Vite, NPM, Postman, Bruno

Concepts: Data Structures, Algorithms, OOP, Responsive Web Design, MVC Architecture

PROJECTS

HospitalCare (HMS)

- Developed a full-stack Hospital Management System (HMS) for healthcare organizations.
- Implemented real-time appointment booking functionality for patients.
- Built a powerful admin dashboard featuring doctor and department management.

Tech Stack: React.js, Node.js, Express.js, MySQL

Live Demo: <https://hms-eta-blush.vercel.app/>

XYZ IT Solutions

- Developed a responsive corporate website to showcase company services, workflow, and team details.
- Designed a clean and modern user interface focused on usability and performance.
- Optimized the website for responsiveness and cross-browser compatibility.

Tech Stack: Next.js, Tailwind CSS, TypeScript

Live Demo: <https://xyzit.vercel.app/>

PowerForge

- Developed a modern gym management platform with various membership plans and services.
- Implemented real-time member tracking and comprehensive admin dashboard functionalities.
- Built CRUD operations for managing members, admins, and trainers.

Tech Stack: Next.js, PHP, MySQL

Live Demo: <https://powerforgesm.vercel.app/>

CERTIFICATIONS & ACHIEVEMENTS

- Full Stack Web Development (MERN)
- 3 x Winner – Inter-College Science Quiz Competition.
- Appointed as **NSS Head Volunteer** in college.
